

# Be a part of Galerius' journey with Sovereign Equestrian...

Breeding season is once again upon us and we are delighted to announce that world-class show jumper Galerius' frozen semen is still available.

Galerius (Diamant de Semilly x Sandros Boy) was initially acquired by Sovereign Equestrian as a three year old and he has always been a horse of high potential. The Sovereign team have ensured via their meticulous preparations that Galerius has realised this early promise. As a four year old, Galerius won his first honours with impressive successes at Northcote and the Scope Festival of Showjumping, becoming four year old champion at both events.

At five years old he continued this success to become Northcote Stud five year old Reserve Champion, subsequently qualifying for the World Breeding Championships in Lanakan.

Sovereign Equestrian eventually made the difficult decision to sell Galerius as a 5-year-old to Carron Nicol who has continued the good work of our team to continue Galerius' upward trajectory and propel him to greater success. At Lanakan, Galerius demonstrated his class by

▲ Horse: Galerius - Rider: Pippa Allen

jumping a double clear in both 5-year-old qualifiers.

Galerius didn't stop there, with his six year old campaign proving just as successful with trademark consistency in the six year old classes at the Sunshine tour in the Costa Del Sol. He then went on to jump triple clear and win the Foxhunter Second Rounds at Keysoe Equestrian Centre earning him a place at the world renowned Horse of the Year Show. This win ensured Galerius held the envious position of being the only six year old horse to be competing

in the Foxhunter Final. The summer season ended on a high note, with Galerius being selected for the World Breeding Championships in Lanakan.

2018 has followed a similar pattern, with Galerius barnstorming his way through the Spanish Sunshine Tour, winning six classes outright and is currently standing as the leading horse of the Tour.

Galerius has shown throughout his career the ability to adapt to different situations and as a standing stallion his offspring (pictured opposite) are already

showing huge potential. His first crop of offspring are coming up to 2-years-old this year and are already proving to be exciting prospects for the future. All of Galerius' offspring possess the key components that are seen in top show jumping horses, including being good stamps, having the correct conformation and a bold powerful movement. His oldest offspring have started to be loose jumped and are proving to be just as talented.

The meticulous preparation and attention to detail of the Sovereign team has been highlighted in these articles over the past few months and you can be a part of the Sovereign Equestrian success by purchasing Galerius' frozen sperm and ensuring your foal has all the ingredients to be a top-level showjumper. As your breeding season approaches, why not consider supporting UK breeding and write your own Galerius story...
